

Vinyl PVC Banners

supplying guide for vinyl PVC banners

To Eyelet or not to Eyelet?

When you order your banner you will have the choice of finishing with or without eyelets. For ease of hanging, we recommend you choose eyelets. They will be placed in each corner of your vinyl banner, while banners over 1.5 metres wide will have an eyelet roughly every 500mm. When designing a banner with eyelets keep anything important at least 50mm away from the edge of the artwork.
