

# Pop Up Stands

supplying guide for pop up stands

## Don't forget the splits!

Pop Up Stands are supplied as 5 panels, 2 end panels and 3 main panels. When designing your artwork make sure that you don't have anything complex or tiny running across the splits as this will make your job of lining everything up on the stands much harder.

## End Panels

Do not add any text to the end panels, they are very curved and therefore will distort smaller details. Anything of importance should be kept to the main 3 panels.

## Pop Up Stand Checklist

- ✓ Artwork is 300dpi
- ✓ CMYK Colour profile
- ✓ All fonts embedded
- ✓ Supplied at 100% scale or at a reduced size which scales up proportionately

## Need more help?

We have a range of templates for you to choose from! You can find them at the bottom of each product page.
