

Perfect Bound Notebooks

supplying guide for your perfect bound notebooks

Supplying your booklet

Cover File

Perfect Bound covers consist of 4 pages -

- Front Cover
- Inside front cover
- Inside back cover
- Back cover

When setting your notebook up, please supply these cover pages as flat spreads in a 2 page PDF. Our online ordering tool will let you know what spine width you will need to allow for. Whilst the spine area on the outside of the cover will be visible, the same area will not be visible in the interior covers as this is where the glue will be applied to bind the cover to the inners.

Please supply print ready PDF containing the front and back cover of your artwork for your wire bound notebook.

We will add the lined pages for your inner.
